

# Father's week

Kids are always busy at Chiquitos Family Day Care, this month was on agenda Father's day, kids had to get moving with all our activities leading up to the big day, reading stories and getting our presents ready for Dad to enjoy, kids hesitated about doing some of the presents and artwork, but as soon as they had to make their footprints, their attitude completely changed, and became a challenge they had to do for Dad, and slowly enjoying themselves, laughing saying it tickles Magda while giggling along. Reading stories such as *I like my Dad!*, and everyone agreed that they love their daddies!!!

The kids have been very pleased with the bunny who has been delivering carrots to our day care, write a thank you letter, as everyone wrote meaningful sweet messages *Thank you for bring carrot rabbit*, we didn't have a post box, so we are working on one, painting it at the moment.

As Kids needed a mail box, they worked hard on one, so our Mail box is almost done, as we have been busy painting it over the last two weeks and just need the final touches, we are very excited as now we'll be able to mail our thank you letters to the bunny for the yummy carrots he left for us the other day

This month, we were lucky to attend a very good and useful show *Braveheart* show organised by the Sutherland Shire Children Services, kids had lots of fun while learning how to express their feelings when something is wrong , what signs their bodies when the pressure is on, such as butterflies in their tummies, legs shake, fast heart beats, also how they should be aware of their private parts, and how they are allowed to say and impose DO NO TOUCH MY BODY, all this messages were also reinforced by songs and familiar names and terms

This month the kids have been enjoying our convenience store, we've been doing lots of shopping scanning food items, buying and waiting for their turn.

As part of my strategy, we're starting to introduce different words that they may be familiar with, so the obvious choice for this exercise was OPEN AND CLOSED.

This month at playsession( Children Services ), the kids experienced how to make Roti (Indian bread), under the help and supervision of Kiran (one of the educators at playsession) they used the rolling pin to flat the dough, followed by cooking it in a saucepan, and then finally we got to spread some butter into it and tasted our delicious results.

As I said before, very busy month.. Thanks

**Chiquitos Family Day Care is currently doing enrolment for 2012, positions available for the age of 15 months onwards. Position available from Monday to Thursday. Working hours from 8:00 am to 4:30 pm ( not flexible hours)**
